

BEGIN MAKING AN IMPACT WITH THE THINGS THAT REALLY MATTER

Does your **brand purpose** need **more purchase**?
 Doing good, but **not getting the recognition**?
 Do you have **great videos** showing the impact
 you're making?

Use **vi matters** to finally get more engagement on the good causes you support.
 We place your CSR / purposeful videos onto large, quality sites and within articles that talk about the same topic. You'll find users getting deeper insights, and raise awareness. **Free of charge.**

It's our way of helping out.

And what's more, if you use vi to distribute your commercial campaigns, we'll donate to your selected cause.

Your videos will reach beyond social media, onto sites where users are engaged in deeper, more meaningful online behaviour.
